

CONSERVATIVE CHRISTIAN CENTER

Dear Friend,

If you are a conservative, Church-going Christian concerned about the direction of our country on the local, state and national level and are willing to stand up for God & Country, please join us.

Please subscribe to our free e-newsletter to stay informed on when we are getting together to watch a good, pro-family movie, attend a "Candidate Forum," lobby the local, state or national legislature on an issue of importance to us, gather at a meeting to listen to a guest speaker, or simply to provide you information about the issues we care about the most.

Helping to increase the number of conservative Christians active in the public policy process is our goal. How about you?

The "100%" Rated Candidates tell you about Faith

Here are several of the candidates on the primary election ballot who scored an "A" rating on the Survey of Conservative Christian Center. They weren't afraid to tell us what they believe. We also asked them for a statement of their faith. Here it is. We have already been criticized for asking these sort of questions. We appreciate their speaking out about faith rather than listen to the claims by the secular left that some mythical "separation of church and state" somehow prohibits those in the public arena from speaking about it. God bless those who do speak out. They are inspiring.

Campaigning for a statewide office is a massive undertaking, and one confronts evil and spiritual warfare on a daily basis. I stand firm knowing that I am in God's hands. He will make a way, if it is His purpose and plan. I believe that Christians should seek public office to restore integrity, honesty and hope to our government and the people.

Rebecca Warren

PA Superior Court Judge Candidate

...to see His life and the patterns of example that He set for me to follow. HIS life allows me to be a partaker in his atonement, I will receive eternal life. I love to think of him as THE GREAT I AM.
(inspired by John 14:6).

Julie Haertsch

*Candidate for York County
Clerk of Court*

What you do in life... echoes into eternity... together we can change history. The future rests in our hands. Although confronted with seemingly overwhelming odds, we can, with God's help, restore greatness
