# Sentencing of US Residents' Family Member Over Faith Reveals 'True Nature of the CCP: Congressman

[https://www.theepochtimes.com/sentencing-of-us-residents-family-over-faith-reveals-true-nature-of-the-ccp-congressman\\_5214337.html](https://www.theepochtimes.com/sentencing-of-us-residents-family-over-faith-reveals-true-nature-of-the-ccp-congressman_5214337.html)

The sentencing of a family member of two Florida residents because of his faith has revealed the “true nature” of the Chinese Communist Party (CCP), according to Rep. Bill Posey (R-Fla.).

“No one should be jailed for exercising their faith. This is the true nature of the CCP—and it’s why we must continue working hard to confront their bad actions, counter their influence in our own country and reduce our dependence on them,” Posey told The Epoch Times.

Zhou Deyong, a geological engineer working for China’s second-largest oil field, was handed an eight-year jail term on April 20 along with a 100,000 yuan (\$14,506) fine, following two years of detention, during which his wife and son in Florida had little information about his well-being.

The harsh treatment of Zhou is part of the Chinese communist regime’s bloody persecution campaign in atheist China against the spiritual discipline Falun Gong, which has continued for nearly 24 years.

Featuring teachings centered on the values of truthfulness, compassion, and tolerance, along with a set of meditative exercises, the self-refinement practice saw wide popularity during

the 1990s, with an estimated 70 million to 100 million practitioners by the end of the decade. The regime perceived Falun Gong’s rapid growth as a threat to its hold on power, and in 1999 began a nationwide campaign to repress its adherents.

The news of Zhou’s heavy sentence weighs on his son, who hasn’t seen him since his father’s visit to the United States in early 2021. Zhou was arrested not long after returning to China to care for his elderly parents.

“My father is an innocent, kind-hearted man, but these people are going after him like this?” Zhou You told The Epoch Times. He said he feels “pained” to think about his father and the legal authorities who have willingly turned themselves into a tool to aid the regime’s abuse.

The sentencing ignited outrage among Florida lawmakers who have protested Zhou’s detention and called on the State Department to “employ the tools available” to sanction Chinese officials complicit in the “horrific human rights abuses targeting Falun Gong practitioners.”
