Keynote Remarks: China's Communist Party does not want to compete with America; it is determined to destroy us.

The CCP is ruthless, it is malicious, it is relentless. As a part of its project to take down our republic, it is now working hard to elect the next president of the United States.

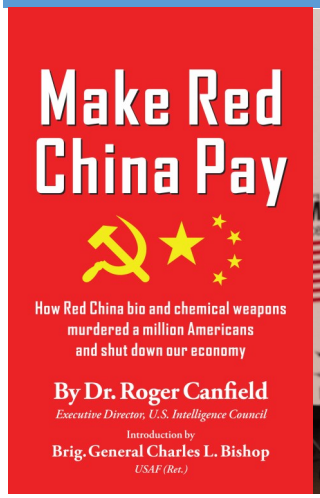
Plan RED: China's project to Destroy America



Speaker #2: Dr. Roger Canfield

Author, Executive Vice Pres., U.S. Intelligence Council

We are thrilled to have for the first time in Ocala, Dr. Roger Canfield (from CA) to speak on the topic of his paperback, *Make Red China Pay: how Red China bio and chemical weapons murdered a million Americans and shut down our economy* (250,000 circulation). Dr. Canfield co-authored (with my husband) *China Doll: Clinton-Gore and the Selling of the Presidency*, reaching 600,000 Americans, 24 years ago (2000). He was one of the first authors and speakers to warn how Red China had bought an American President. Dr. Canfield is Executive Vice President of United States Intelligence Council, a Primary Sponsor of this anti-Red China rally.
