FBI Whistleblower and Author Stephen Friend

Introduction by J6er Jesse Rumson, Fri. Oct. 25 at 7 PM

Stephen Friend's book will be available for purchase and autographing at the final pre-election meeting of CCC on Fri. 10/25/24 (first 15 VIP dinner signups get \$20 off book purchase).

A suspended special agent explains his decision to turn whistleblower and expose FBI politicization and abuse against conservative America.

The best explanation you will ever hear about what they are doing to convicted J6er Jesse Rumson and why the Nov. 5 election is so important.

Conservative Christian Club of Marion County is pleased to announce FBI Whistleblower and author Stephen Friend will deliver keynote remarks at its regular meeting on Friday, October 25 at the Hilton Ocala at 7 PM (doors open 6:30 PM for book purchase and autographing).

Thanks to a grant from Freedom Center Foundation, the first 15 who register for the earlier VIP dinner at 4:30 PM (doors open at 4 PM) at a nearby private residence, will get a \$20 discount with their purchase directly from Mr. Friend of his splendid book.

If there was only one good reason to vote for Donald Trump and oust the people responsible for the weaponization of our government including the FBI and the Department of Justice, the story of Stephen Friend is that reason.

For those familiar with his story, having J6 victim Jesse Rumson introduce Stephen Friend is perfect. This is exactly the kind of story which led to Stephen Friend refusing to do a "SWAT" raid on someone accused of "parading" as a Trump supporter at our national capital.

This is the final pre-election day meeting of Conservative Christian Club, the only Tea Party Patriots chapter in Marion County, and the only local club advocating "Taxed Enough Already" and urging a "NO" vote on the so-called Penny Tax, on the election ballot on November 5.

Tea Party Patriots National President Jenny Beth Martin was the keynote speaker at a recent Ocala meeting where she announced CCC as her newest chapter and also spoke out against the so-called "Penny Tax" - clearly stating if she lived in Marion County she would vote against it because "we are taxed enough already."

We strongly urge you to register in advance to attend, both to make sure you have seating and also to save the \$2 at the door admission for those who did not register.
